## Quality Engineering Services Provider

Ten10 is a specialist provider of quality engineering services that helps its clients to manage the significant risks involved with technology change, including: software development and implementation; systems integration; and functionality and performance issues. Ten10 provides services to address multiple client needs from full-service consultancy and engineering solutions through to graduate resourcing solutions providing the next generation of technical talent for client's organisation.

*"This merger is a major milestone, and firmly places the combined group as the independent market leader. The complementary nature of both businesses is exciting and one we believe is compelling to clients. We look forward to working with the combined management team on the next phase of this exciting journey."*

## The right tools for growth

### M&A

We identified the Test People as the perfect partner to accelerate growth and provide complementary services and the two companies merged in December 2015, rebranding as Ten10. The combined entity positions the organisation as the largest, fastest-growing, privately-owned UK software testing company. The organisation now offers a 250+ strong, UK-based team, with offices in Leeds, Manchester, London and Brighton.

## About Livingbridge

Livingbridge is a mid-market private equity firm with offices in the UK, the US and Australia, investing in fast growing companies valued up to £300m.

Our team have been backing growing businesses together for twenty years. We've done it over a hundred times, turning many into household names both at home and abroad. We get growth.

We understand the people behind growing companies in consumer markets; healthcare and education; technology, media and telecommunications; financial services and business services, and help them achieve what's right for them and their business.
