INVESTMENT YEAR: 2021

SECTOR: Technology

Remote Access Software Provider

RealVNC is a highly-rated vendor in the large and fast-growing market for remote access and remote support solutions, with customers in 160 countries.

RealVNC's lead product, VNC Connect, allows users to connect securely to a remote device anywhere in the world, see its screen in real-time, and take control as though sitting in front of it. The product has been deployed across a myriad of use cases, from basic remote access and remote support, through to deploying the software onto connected devices such as medical ventilators, set-top boxes, heavy industrial machinery and more.

"We are excited to enter the next chapter of our growth journey with Livingbridge, a partner with a deep understanding of our industry and a strong track record in successfully growing SaaS businesses. The whole team is thrilled to be in a position to accelerate our ambitious growth plans, with Livingbridge's wealth of operating expertise and experience to guide us."

Adam Greenwood-Byrne
CEO, RealVNC

"I'm delighted to be joining RealVNC at this exciting stage in its development. The founders and current management team have done an excellent job in creating a business with a reputation for being a pioneer in its industry and I look forward to working with them."

David Parry-Jones
Chairman, RealVNC

“We are delighted to be partnering with Adam and team on the next stage of RealVNC’s journey. The business has built a reputation for excellence and innovation in a truly exciting market. We have real ambition for the potential of the company and we look forward to supporting the team with our experiences of scaling software businesses internationally”
